Alomere Health Profile

Since 1955, we have been honored to serve our community and region as a non-profit, community-owned and locally-governed hospital. We are dedicated to providing local access to high quality, comprehensive medical care and thank you for entrusting your health and that of your loved ones to us.

Our talented team of caregivers have brought many successes to our community - we have a certified Level III Trauma Center, accreditation from the Healthcare Facilities Accreditation Program (HFAP), our Cancer Center is accredited by the Commission on Cancer and we have received the Top 10% in the Nation for Joint Replacement Medical Excellence Award by CareChex and the Blue Distinction Center for Hip & Knee Replacement from BlueCross BlueShield. None of these accomplishments would be possible without the support of everyone on our team and the patients and families we serve.
