HOSPITAL PROFILE

Since 1955, we have been honored to serve our community and region as a non-profit, community-owned and locally-governed hospital. We're dedicated to providing local access to high-quality, comprehensive medical care and thank you for entrusting your health and that of your loved ones to us.

Our talented team of caregivers have brought many successes to our community – we have a certified Level III Trauma Center, accreditation from the Healthcare Facilities Accreditation Program (HFAP), our Cancer Center is accredited by the Commission on Cancer and we have received the Top 10% in the Nation for Joint Replacement Medical Excellence Award by CareChex and the Blue Distinction Center for Hip & Knee Replacement from BlueCross BlueShield. Most recently, CMS has awarded Douglas County Hospital the highest 5-Star status! None of these accomplishments would be possible without the support of everyone on our team and the patients and families we serve.
